Exclusive production agreement

Work for hire and full buyout of the listed tracks. Fill the blanks, then both sign.

Client / hiring party legal name

Producer legal name

Client email

Producer email

Track titles / descriptions (attach a signed list if needed)

Track count

Total fee + currency

Payment due

Delivery deadline

Producer credit (or None)

Included revisions

Effective date

1. Delivery. Producer will create the listed original tracks and deliver a mixed MP3 (320 kbps), WAV (at least 16 bit / 44.1 kHz) and aligned WAV stems by the deadline. Files must be labeled and free of tags or watermarks unless Client agrees in writing.

2. Exclusive buyout. For the total fee, the parties agree the tracks are works made for hire where the law allows. Otherwise, Producer hereby exclusively assigns to Client all rights Producer owns in the listed masters and new underlying compositions, including publishing and transferable royalties, worldwide for the full copyright term. Client may edit, release, license and register them. Producer may not resell, lease or reuse them and is owed no further contractual fees or royalties. Nonwaivable legal rights and payments restricted by law or society rules are preserved.

3. Original work. Producer confirms authority to make this deal, no conflicting prior licenses and no uncleared samples or outside material. Disclose exceptions in a signed attachment before payment. Producer will reasonably assist with documents confirming Client ownership.

4. Missed delivery. For each missing track, Producer must refund the amount paid for it within five business days after written request. Unless a signed list allocates prices, divide the total fee equally among the tracks. Client retains rights to completed, paid tracks. Other available remedies remain.

5. General. Producer is an independent contractor. Indiana law governs, subject to mandatory law. This is the entire deal for these tracks; changes require both signatures. Notices go to the emails above. Electronic signatures are accepted.
