Publisher, samples or other rights to disclose (write None if none)

By signing, we agree to the composition shares above, totaling 100%. These shares cover the song, not the master recording. Each signer confirms authority over their share. Existing publisher or other owner rights must be disclosed and approved by those owners. This form does not clear samples or let anyone sign for another owner. Changes need all affected owners to agree in writing. Attach a signed sheet for extra writers.
